OUR FACTORIES

Yangnong Chemical has 5 AI manufacturing sites. Among them, Youjia is currently the flagship site in Yangnong, the 1st batch of "Green Factory" recognized by MIIT, Model of Business Management in Key State-Owned Companies identified by SASAC, Model Enterprise of Quality in Jiangsu province, as well as Smart Factory Demonstration in Jiangsu province. After decades of growth, Yangnong Chemical has forged close and sound cooperation with major agrochemical multinationals. Its products are exported to more than 80 countries and regions worldwide, and Yangnong Chemical is the core supplier of pesticide AIs worldwide.
